INTERNATIONAL RELATIONS OFFICE

WHY STUDY IN POLAND?

Poland, a vast country located in the very heart of Europe, emerged over a quarter of a century ago as a poster child of a successful economic transition from the centrally planned to market economy. Its rich and turbulent politico-economic history and heritage notwithstanding, Poland has turned into a challenging, yet vibrant and dynamic country full of opportunities for growth and improvement. With its blooming international business and scientific centers, top-quality higher education facilities, and a lingering historical nostalgia, the country – a unique amalgamate of innovation and tradition – enjoys a prestigious position on the European business map.

WARSAW – THE BEATING HEART OF POLAND

Warsaw, the rebuilt capital of Poland, has transformed over the last years into a sprawling urban and commercial center, now inhabited by more than 1.75 million people of all ages and nationalities. Full of contrasts, Warsaw appears never to run short of challenges and opportunities both for professional growth and rich social life. Housing numerous international corporations such as Goldman Sachs, JP Morgan Chase, Citi, KPMG, and AXA as well as playing host to diverse multinational business and cultural events, Warsaw amazes with a haunting, yet functional, combination of traditional and ultra-modern tendencies.

- Kozminski Business Hub

POLISH EDUCATION SYSTEM

KOZMINSKI UNIVERSITY'S PARTNERSHIPS

ACCREDITATIONS, AWARDS, DISTINCTIONS & AFFILIATIONS

Amongst business school accreditations, the most difficult to acquire are EQUIS, AMBA, and AACSB (the so-called 'Triple Crown' of accreditations). Currently, around 90 out of 13 600 business schools in the world hold these three accreditations. In 2011, Kozminski University joined this prestigious group. What does this mean for prospective students? It guarantees the highest quality of education, which meets the most rigorous internationally recognized standards – and it ensures that a Kozminski diploma is recognized in the business world. We are the only University in Poland that holds these accreditations.

TRIPLE CROWN

since 2011

Association to Advance Collegiate Schools of Business (AACSB).

since 1999

European Foundation for Management Development (EQUIS)

since 2008

Association of MBAs (AMBA). Only 200 schools in the world have been accredited so far.

ACADEMIC RESEARCH

Kozminski University is both an academic institution and a scientific research center. Each year, 20-25% of the budget of Kozminski University is invested in scientific research. Funding for research activities come from external sources at both the national (e.g., the Ministry of Science and Higher Education, Polish Agency for Enterprise Development, and partner companies), and international level (e.g., European Union Funds, international foundations, and other institutions).

Scientists representing 21 departments and 13 scientific research centers are involved in research activity at Kozminski University.
