

2022 Wolverine Venture Battle (WVB)

This competition simulates the real world by allowing teams to compete for prize money from a panel of “investors” in two dynamic formats.

About

The Wolverine Venture Battle provides an opportunity for all Grove City College students to apply their knowledge by developing a business idea, interviewing customers, prototyping, market testing, and presenting to potential “investors” to win real money and in-kind services. This competition has been deliberately designed for all majors to be comfortable participating. All students who participate hone their presentation skills, explore new ideas, and enjoy hands-on learning.

Play a Role in the Battle

We are currently seeking “Investor” Judges for the 2022 Wolverine Venture Battle. Each judge makes a donation (minimum \$3,000) to E+I and has the opportunity to judge the Final Battle either virtually on **Monday April 25, 2022** or in-person on campus on **Friday, April 29, 2022**. These donations are charitable contributions, which may be tax deductible. **Note:** Team winnings represent prize money and not investment for equity. The deadline for judging commitments is **Friday, January 14, 2022**. Funds are payable by **April 29, 2022**.

Engagement + Support Opportunities:

- Serve on the WVB Review Panel for the Proof of Concept Round (done virtually).
- Make a gift + serve as an “investor” for the final round of the battle (chose from virtual and in-person).
- Serve as a team mentor (virtual).
- Make a gift to become a named sponsor or to simply support the Wolverine Venture Battle.
