Check-in meetings to monitor progress

Week of May 6, 2024

Wrap-up meeting to discuss your experience and program structure

May 9, 2024

Turn in project report summary and complete post-placement survey

ABOUT

E+I Fellows is a program designed to provide valuable remote micro-internship experiences to **students of all majors**. E+I pays \$15/hour and places you at organizations to serve and gain experience within your discipline, done right from campus. Areas of interest include Marketing, Supply Chain, Operations, Human Resources, Social Media, and more.

VISION

Due to financial pressure, students are often forced to take higher-paying jobs that are not related to their studies and career interests. E+I Fellows will earn market wages and gain access to employment within their disciplines. You will receive guidance and support from E+I through check-in meetings that will enhance your professional skills and work experience.

IMPACT

At the end of each 6-week micro-internship, you can expect to have a stronger resume and real world experience. E+I Fellows will gain an appreciation of the problems faced by nonprofits, startups, and small businesses. You will form connections that may lead to job opportunities after graduation.
